ONE IS THAT few people or nstitutions can resist the power of money. My own raising taught me to believe that it is equally wicked of a moneyed person to tempt a poorer person (a house-hold example: to leave big bills where a servant would be tempted beyond his normal strength), as for the poorer person to fall, as for the poorer person to fail.
Yet this high-handed iniquity has
become in our day a standard
policy (applied both to foreign
nations and to our States) by
which the Federal Government
extends its power. Offer money
and the deed is done!

-and the deed is done!

A second observation is that democracy itself is working toward its own destruction. We are in a time of history when hardly two out of ten persons under-stand the problems of national finance, world peace, scientific development. Yet these 3 ignorant persons form the overwhelming majority which is trampling down our freedoms.

LOUISVILLE, Ky. (UPI)—Whether the Kentucky Derby draws one of the largest fields in its history hinged on the 32nd running of the \$15,000 added Derby

National Basketball Association.
Representatives of the Crosby oroup met here Monday with NBA president Maurice Podeloff to make their presentation. Plans call for the establishment of teams in Los Angeles, San Francisco, Portland, Seattle, and possibly Denver. Len Corbosicro, general manager of the proposed Los Angeles dets, said the group has talked to Boston Celicos star Bill Sharman about the prospects of hiring him as coach. Sharman, former Southern California star, was said to be "interested."

In addition to Crosby, other backers of the Los Angeles team would be oilmen Gordon Neaves and Vito Guerino.

The group hopes the new division could be added to the NBA in time for the 190-61 season. # ARE WE TRYING TO GET OUT OF THE PASSENGER BUSINESS?

Some people seem to think we don't want to run passenger trains.

This is a matter of great concern to us because running trains is our business and we expect to be running them for a long time.

So we want you to know just how we feel about the important passenger side of our business:

- We want to run passenger trains that you need and use. We welcome passenger business and we hope more people will ride our trains.
- We want our passenger trains to be good trains. We think our passenger service is as good as any in the country ... and we intend to keep it that way.
- We feel, however, that it is sensible to limit our service to trains and schedules which many people need and use, and to discontinue those which few people use and which are obviously no longer needed.

More and more people are traveling by automobile and by air, fewer by train. But we have not been sitting idly by while the public's travel habits changed. We've spent millions of dollars in the last ten years on new passenger train equipment, and more millions promoting our service.

In spite of our efforts, some of our trains

have been carrying very few passengers.

We think it is better for everybodyfor you and for us-to reduce or eliminate poorly patronized train service which causes heavy losses. Such losses become a burden on freight shippers and industry, and impair our ability to serve this great and growing Western region.

## **Building Removal** Bid Opening Set for May 5

moval of ten buildings in the City of Beaumont will be opened at 2 p.m. on May 5 in the District Office of the Sate Division of Highways in San Bernardino, Clyde V. Kane, district engineer,

announced.
This property is being cleared for the proposed 60-70-99 Freeway, for which \$6,500,000 has been bud-geted in the 1959-60 fiscal year for construction of a six-mile unit from the east city limit of Beau-mont to 22nd Street in Banning.

Improvements to be demolished and removed include hollow tile, cement block, frame and framestucco structures. The property to be cleared is located at 217, 301-09, 304, 251-295 and 105 West Fifth Street; 41277 East Fifth Street; 549 West Sixth Street; 531, 507 and 5071/2 Egan Avenue.

The successful bidder will have approximately one month to clear the property. Kane said that approximately 90 per cent of the property required has been cleared of improvements.

#### **Spring Tourist** Season Starts Out on Upgrade

The Spring tourist season started out on an upgrade with 310,000 visitors coming here in March, 8.6

year of the Southland's community

While here they spent \$52,984,000,
according to Harry J. Volk, president of the Southland's community

tourist advertising organization.

This money was spent within
Southern California, virtually all
of it in retail trade channels, exclusive of their expenses in mak-ing the trip here and home again

he said.

March, April and May make up
the Spring season in the four-season, year-around tourist business
which the community advertising
campaigns have built up in the
38 years they have been carried

For seven straight years tourists
